

# THE EARLY YEARS CENTRE NURSERY

**Everything we do revolves around the child, placing them at the very centre of our approach to early years education.**

Our experienced staff are passionate about early years development, providing children with a wide range of play-based experiences for exploration, problem-solving and self-expression, while tailoring environments and curriculum to meet each child's needs, interests and strengths. Co-learning with adults encourages self-discovery and following own interests.

## **Purpose-designed nursery provision for children aged 2 - 3 years old**

- ◆ A child centred and holistic approach to early education in our Reggio Emilia inspired setting.
- ◆ Natural resources, natural light and texture create a nurturing shared environment where children feel confident and happy.
- ◆ Purpose-built play spaces provide a home from home for your young child, with a comforting and easy feel throughout.
- ◆ Language-rich environments and trained staff promote rapid early language development.
- ◆ Children are encouraged to express themselves through movement, drama, dance, drawing, painting, building, and sculpting throughout the day.
- ◆ We build a strong sense of community and work hand in hand with parents to celebrate children's early accomplishments and cultivate strong relationships between home and nursery.
- ◆ We value the connections and interactions that children make with one another, adults and environment.
- ◆ Daily communication with families informs our curriculum and creates new possibilities for learning and growth.
- ◆ We empower children to take responsibility and show respect, building independence and self-confidence while developing their unique personalities.
- ◆ Our purposefully designed indoor and outdoor learning spaces encourage positive relationships and collaboration within the community.
- ◆ We use Early Years' observational checkpoints to monitor milestones across the year for a smooth pathway into the Early Years Foundation Stage and National Curriculum for England.

**Our approach focuses on child-led discovery and play, fostering a strong sense of community and belonging, and instilling love for learning from a young age.**
