

THE EARLY YEARS CENTRE FOUNDATION STAGE 2

Our specialist-trained teachers have a deep understanding of early childhood development and seamlessly build upon foundational skills for success in primary school.

Our timetables are carefully designed to include a combination of short whole-class activities, targeted group activities and extended play-based learning sessions, including daily outdoor learning, to allow for deep engagement and skill development.

Our programs based on broad themes and individual interests, ensure children reach the seventeen Early Learning Goals by the end of FS2 to support the development of 'the whole child'. These areas include:

- ◆ Personal, Social and Emotional Development
- ◆ Communication and Language
- ◆ Physical Development
- ◆ Literacy
- ◆ Mathematics
- ◆ Understanding the World
- ◆ Express Arts and Design
- ◆ Storytelling to develop oral fluency and build vocabulary
- ◆ Daily synthetic phonics sessions to support early reading and spelling
- ◆ Guided reading sessions to develop fluency, vocabulary and comprehension skills
- ◆ Early descriptive writing activities to develop confidence with independent writing
- ◆ Daily Mathematics to develop a deep understanding of numbers and the number system to ensure children are 'big school' ready
- ◆ Additional specialist sessions including Arabic, Music, and PE by expert teachers
- ◆ Weekly swimming lessons to develop water confidence and teaching swimming strokes, depending on individual progress
- ◆ Learning is celebrated through a variety of performances and celebratory events in the school auditorium, including the FS graduation ceremony at the end of the school year.

Our approach to a balanced and personalised education prepares young learners for success

Our school timings for FS2 children starts at 7.50am and ends at 1.30pm and as we understand some families may need to access high-quality childcare beyond the school day, we offer an extended childcare programme until 3pm which is chargeable at AED 250 per week.
